Fixed bollards with ground anchor

IMPACT RESISTANCE VERIFIED

Permanent delimitation and protection

The fixed bollards of the **PF Series** with ground anchors are designed to provide a solid and resistant barrier—perfect for protecting buildings, squares, pedestrian zones, and **areas closed to vehicle traffic**.

Thanks to the anchoring structure, they are embedded directly into the ground, offering **strength with quick installation**.

- **Permanent protection** without the need for electrical power
- **Ideal for buildings, pedestrian areas**, and zones closed to vehicle traffic
- **Optional LED strip** for enhanced night visibility
- **Low height** for a discreet protection.

Smart!

Want to make it unique? Choose to **customize the cover plate** with a logo or the city crest!

Standard configuration

The standard configuration of our systems is designed to ensure efficiency, safety and ease of management. The configuration includes:

- **Anthracite grey painted steel bollard**, a device for controlling vehicle access with **anchors** for ground fitting.
