Fixed bollards with counterframe

Permanent delimitation and protection

The fixed bollards of the **PL Series** with counterframe are designed to ensure continuous protection with no need for maintenance, offering an aesthetically **coordinated solution with automatic and semi-automatic bollards**.

- Fixed protection with **no need for electrical power**
- **Matching appearance** with automatic and semi-automatic models
- **Easily removable cylinder** for replacement or special events
- Ideal for pedestrian areas in **city centers** or company premises
- **Low height** for a discreet protection.

Smart! **Stone pavement:** Request the frame or the pit to ensure a professional finish!

Standard configuration

The standard configuration of our systems is designed to ensure efficiency, safety and ease of management. The configuration includes:

- **Anthracite grey painted steel bollard**, a device for controlling vehicle access with **counterframe and anchors for ground fitting**.
