IMPACT RESISTANCE VERIFIED

275/P10FB-600F 275/P10FB-800F

Fixed bollards with reinforced basement and cylinder

The most resistant fixed bollards of the Security

The fixed bollards of the **FB Series** are designed to offer the highest level of protection within the Pilomat Security Line. Thanks to their **reinforced basement** and high-strength cylinder, they are the ideal solution for **securing critical or sensitive zones**.

- **The strongest bollards** of the Pilomat Security Line: **400,000 Joules**
- Reinforced basement and stronger cylinder for **superior protection**
- **Ideal for perimeter protection** of buildings and sensitive areas
- **Optional LED strip** for improved night visibility.

Smart! Aesthetically aligned with the automatic model, perfect for **mixed-system installations**.

Standard configuration

The standard configuration of our systems is designed to ensure efficiency, safety and ease of management. The configuration includes:

- **Anthracite grey painted steel bollard**, a device for controlling vehicle access with **reinforced basement and adjustment bases**.
